# Moffett Recycling

**Moffett is at the forefront of waste recycling, helping manufacturers, governments, business organisations and consumers to protect the environment for future generations.**

## Recycling

For more than 40 years, Moffett has been manufacturing Truck-mounted Forklifts, a load handling solution that has helped transform the way materials are distributed across the globe.

In the competitive environment of waste management the Truck-mounted Forklift is a vital link to the safe and efficient delivery and collection of waste material.

Moffett gives you the freedom to select a machine that matches your requirements.

A MOFFETT moves paper, cardboard, cars, plastic, aluminium, white goods, tyres, litter, glass, batteries, palletised or unpalletised.

On site, your Truck-mounted Forklift is ready to get to work in less than a minute. Your MOFFETT Truck-mounted Forklift can be carried on the back of almost any truck or trailer with no loss of load space.

Having a Moffett Truck-mounted Forklift means you can have faster, safer and more cost effective deliveries.

With its high lift capacity, robust design and a wide range of attachments such as clamps, different fork options and positioners, the MOFFETT Truck-mounted Forklift easily handles waste and recycling products on site or in the yard.

- No loss of load space
